Made in Greece

version 1.0  
07/2021

## Dear Customer,

We are delighted to present our 2021 product catalogue.

In Emhplast we mark almost 50 years as designers and producers of plastic products in the fields of poultry farming, livestock equipment and garden tools. Products that stand out for their durability, elegance and competitive wholesale prices.

Our modern production facilities together with warehouse facilities of 4,000 sq.mt allow the continuous availability of products for immediate shipment, either with road transport or with container shipping via Thessaloniki port.

Emhplast is a fast-growing Greek company which participates as exhibitor in all the major international exhibitions. Our products are exported to several countries in Europe, Africa and Middle East.

Since our founding, we remain a family company, aiming to satisfy our customers by offering durable and innovative products in competitive wholesale prices.

See for yourself in the new edition of our product catalogue.

Have fun reading!
